CERTIFICATE REGARDING EXISTING MANUFACTURING FACILITY, INSTALLED CAPACITY, CAPACITY
UTILIZATION AND PROPOSED CAPACITY EXPANSION

To,

The Board of Directors

Gleaming Apparels Limited

E-235, Phase IV-A, Focal Point, Ludhiana, Punjab 141003

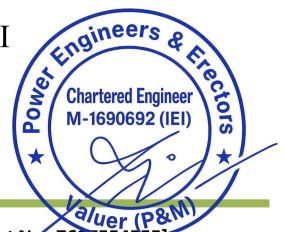

Dear Sir/Madam,

Pursuant to your request, I have carried out a technical assessment of the manufacturing facility of Gleaming Apparels Limited ("the Company") situated at E-235, Phase IV-A, Focal Point, Ludhiana, Punjab 141003 for the purpose of evaluating the installed manufacturing capacity, the existing capacity utilization, and the capability of the existing manufacturing infrastructure, including the plant and machinery proposed to be added by the Company.

Based on my inspection of the manufacturing facility, verification of the production machinery, review of technical records, discussions with the management, examination of purchase invoices of machinery installed, and other relevant documents produced before me, I hereby certify the following:

Land and Build Up area as per Civil Engineer estimate provided: -

- a. Land Area – 9000 Sq. Ft.
- b. Existing Build up area – 20000 Sq. Ft

 - m. D.G. Set Certificate - Attached as Annexure VIII
 - n. Underground-Water extraction certificate - Attached as Annexure IX
 - o. Electricity Bill - Attached as Annexure X
1. The Company has an operational manufacturing facility engaged in the manufacturing, trading, and export of yarns, knitted fabrics, and ready-made garments, with an integrated business model spanning yarn trading, fabric/knitting production, and garment manufacturing (NIC Code 141001 – Manufacture of outerwear made of woven, knitted or crocheted and non-woven fabric).
 2. The manufacturing facility is equipped with the necessary production machinery, utilities, material handling systems, quality control equipment and other supporting infrastructure required for the manufacturing process.
 3. The list of major production machinery presently installed at the manufacturing facility is enclosed as Annexure I.
 4. Based on the installed machinery and technical parameters of the manufacturing process, the installed production capacity and actual production achieved by the Company during the last three financial years, division-wise, are as set out in Annexure II.
 5. Based on the present manufacturing infrastructure, I am of the opinion that the existing plant and machinery in the Fabric & Knitting Division and the Apparel & Garmenting Division are being penultimate efficiently operated, with capacity utilization of 76.36% and 84.61% and respectively for FY 2025-26, and that residual headroom for additional utilization exists within the currently installed base.

We confirm and certify that based on the information and explanations provided to me and my review of the Manufacturing Units, machinery, equipment and systems, records and documents of the Company, as on date of this certificate, the aggregate installed capacity and utilized capacity of the Manufacturing Units, as stated in **Annexure II**, is true and correct.

Further, we confirm and certify that the based on the information and explanations provided to me, machinery, equipment and systems, records and documents of the Company, as on date of this certificate, the statements forming part of the Offer Documents is true and correct.

We also consent to the inclusion of my name as the “**Chartered Engineer**” in the Offer Documents and any other documents to be issued, registered or filed in relation to the Offer, as may be required.

We also consent to be named as an “**expert**” in terms of Section 2(38) and any other applicable provisions of the Companies Act, 2013, as amended, in respect of the Chartered Engineer’s Report, in the Offer Documents.

We confirm that, we are independent with no direct or indirect interest in the Company, do not have any relationship with the Company, its directors, shareholders, officers, promoters, promoter group and/or its key managerial personnel and/or senior managerial personnel, employees, agents, representatives of the Company and are not related parties of the Company in accordance with applicable accounting standards. We confirm that, we are not, and have not been, interested in the formation or promotion or management of the Company.

We confirm that, we will immediately communicate any changes in writing in the above information to the BRLMs to the offer until the date when the Equity Shares commence trading on the Stock Exchanges. In the absence of any such communication from me, the BRLMs and the legal counsels appointed in connection with the Offer, can assume that there is no change to the above information until the Equity Shares commence trading on the Stock Exchanges pursuant to the Offer.

We confirm that all information stated herein is true, fair, accurate, complete, not misleading and without omission.

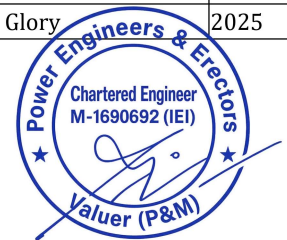

This certificate has been issued solely at the request of Gleaming Apparels Limited for inclusion in the Draft Red Herring Prospectus/Red Herring Prospectus/Prospectus and for submission before SEBI, the Stock Exchange(s), the Merchant Banker and such other regulatory authorities as may be required.

9. This Permission is being issued without any prejudice to the orders of any court of law in cases related to groundwater or any other related matters.
10. The Authority may inspect the Unit and original documents at any time. In case it is found that any material facts have been concealed or misreported or any material difference is found in the information submitted and the site conditions or documents, the Authority may suspend the permission granted immediately and may cancel or alter the permission after giving a notice to the Unit. This will be without prejudice to any other action that may be taken under the law for supply of wrong information.
11. The User is advised to keep on checking the website of the Authority for updates on Directions and instructions on matters related to extraction of groundwater.
12. The User shall obtain revised/varied/fresh permission as the case may be, in case there is any change in ground water extraction structure, volume etc, before the aforesaid change is affected or within the time permitted under the Directions.
13. In case of dewatering, the disposal of de-watered volume (into a drain, sewer, nearby land, water body etc.) will be as per PPCB consent wherever applicable.
14. A user shall apply for renewal of permission in the required format three months prior to the expiry of permission.
